Mileage When Installed: _____ Date Installed: _____ Converter Part #: _____

Catalytic converters are emission control devices which are designed to last the life of the vehicle and do not normally require replacement. Furthermore, if the vehicle is properly used and maintained, original converters are covered by the emission control warranty for seven (7) years or 70,000 miles. California law prohibits repair businesses from replacing these devices except under certain limited circumstances. In order to verify that the proper circumstances exist, the owner of the vehicle on which the repairs are made and a facility representative must sign the following statement.

- Over 7 years old or more than 70,000 miles and the converter required replacement because: _____
- Catalytic Converter was missing when the vehicle was brought to the repair facility: _____

Facility Representative Signature: _____

Vehicle Owner's Signature: _____

Important Instructions

1. Complete the entire form.
2. Remove bottom card, mail to Converter Warranty Center.
3. Customer retains the Original copy for his/her records.
4. Installer must retain the yellow copy in files for 4 years.
